

American Integrity Insurance Company Announces Its New and Secure Policyholder Claims Paying Program

TAMPA, Fla., Jun 18, 2014 (BUSINESS WIRE) -- American Integrity Insurance (www.aiicfl.com) announced today that they will now be paying claims with a reloadable debit card, giving policyholders access to their funds three times faster than traditional insurance claim checks. American Integrity has partnered with Enservio (www.enservio.com) and their ReStore Payment solution, a MasterCard debit card pre-loaded with claim settlement funds.

“We understand the devastation a policyholder feels when they’ve experienced a covered loss and it’s critical to get them paid as fast as possible. The new Enservio ReStore Card is the perfect solution for paying claims, especially since it eliminates the one to three day waiting period to clear a traditional check. The ReStore debit card is much more convenient, and particularly in the event of a catastrophe, our policyholders will be paid faster so they can put their lives back together,” said Teresa Heller, Senior Vice President of Claims.

American Integrity policyholders will enjoy a variety of benefits with the new ReStore Card:

- Instant access to cash after card activation
- Easy purchasing everywhere Debit MasterCard is accepted
- Ability to withdraw cash based on the amount allowed at no fee
- Retail discounts to help stretch claim dollars
- Easy and secure card activation process

American Integrity successfully tested this new program in early June and is now rolling out for all customers just in time for hurricane season.
