EXPERIENCE A CONNECTED CLAIMS ECOSYSTEM

Streamline the digital contents claims process with a simplified user experience through a standardized contents solution for the Guidewire marketplace.

Improve **Customer Satisfaction** &
Reduce **Cycle Times**

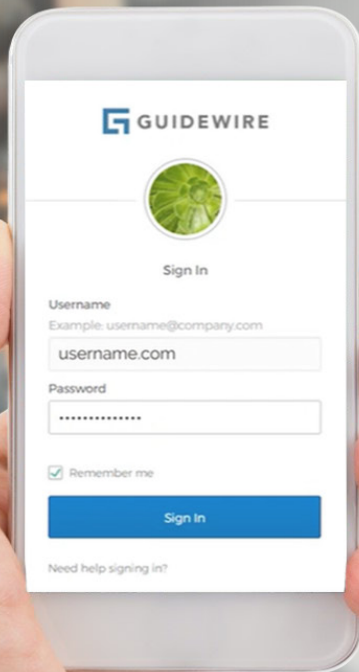

INTEGRATE SEAMLESSLY WITH GUIDEWIRE FOR EASY:

- Submit claim requests for Enservio's services directly from Guidewire
- Watch as the add-on auto-fills the Service Request Form from ClaimsCenter data for your convenience
- Enter peril loss type, contents limit, and deductible
- Modify the service request for core, digital, phone-based, or post-claim services if needed
- Monitor Service Request progress directly from the ClaimCenter Services page
- Relax while Enservio completes the claim, returns it, and delivers the Settlement Report directly to ClaimCenter

WHAT DOES A CONNECTED DIGITAL CLAIMS ECOSYSTEM MEAN?

Property insurance carriers and adjusters can send and receive claim assignments; modify, attach data to, and submit service requests; monitor request status; and review final reports, all without leaving the Guidewire ClaimCenter platform.
